Rationale:

The aim of the Year 8 French course is to revisit and build on the language acquired in Year 7 and to build up students' confidence in all the four skills: listening, speaking, reading and writing. It is important that, at the start of the year, teachers devote sufficient time to revisit classroom language and make sure that the use of the Target Language remains a priority so that students continue to see French as the main language for communication, especially in the context of routine activities.

Evaluation:

The Year 8 scheme of work will be reviewed and possibly amended following the progress tests at the end of Terms 1, 3 and 5. Staff will evaluate new resources during Department meetings. Students' speaking skills will receive immediate feedback from teachers and peers and help students correct their work. Students should be trained to use the LOVE MFL criteria for writing tasks.
