12 September 2019

Dear parents and carers

As your son has now started his English GCSE in English Literature and English Language we would like to offer you the opportunity to purchase copies of the set texts that are studied over the course of the next two years. Many parents are in support of students owning their own copies in order that students are then able to make their own annotations and notes in the books and have their own copies available for re-reading and revision.

As a department, we are able to purchase these texts in bulk, at a discounted rate; please see below for the price (depending on the specific texts your son's English teacher teaches) for the three set texts your son will eventually have covered by the exams.

In the event that you would not wish to purchase copies for your son, he will be issued with a copy of the text from the library for lesson usage, so he would not be disadvantaged in terms of having the relevant resource. This copy cannot be written in however and cannot be issued from the library on permanent loan.

We are also offering, alongside the set texts, copies of 6 revision guides relevant to the Language exam papers and the set texts for the Literature exam papers. Please indicate below if you would like to purchase these as well. If you would like to purchase copies of the required texts for your son and/or the revision guides, please indicate this on the slip below and return by Friday 20 September 2019, with payment, to the Finance Department. Preferred method of payment is payment online.

Yours faithfully

Mrs M Brooker
Head of English

Reply Slip - please return to the Finance Department by Friday 20 September 2019

Son's name and form:			Please tick		Please tick
