ACCELERATED READER AT BORDEN GRAMMAR

I hope that this will find our students and their families safe and well. These are very strange times indeed, and the pressures and stresses of home schooling for the whole country are becoming evident. It is my hope that many of you – students and parents alike, are finding time to read. There is strong evidence that reading for pleasure can increase empathy, improve relationships with others, reduce symptoms of depression and improve wellbeing throughout life. Reading plays a vital role in improving educational outcomes, but sadly research shows that many children do not read on a daily basis, and almost a third of adults don't read for pleasure.

At Borden our Year 7 and 8 students have access to Accelerated Reader. This encourages our students to develop a life-long love of reading, explore different genres, and challenge reading skills. Other benefits include improved social capital and confidence. What's not to love!
