Dear Parents /Carers,

We have been working closely with Year 11 students through Student Voice to try and incorporate their ideas to help support and enable them with their revision.

From our discussions with them, one suggestion was that Year 11 would like to have folders to help organise their revision notes across their different subjects. We have therefore purchased a set of 10 ring-binder folders, for each Year 11 student, as a commitment of our intention to act on their feedback and support them in this process of revision.

What we would ask is that these folders are treated and looked after as any other school equipment is treated and we would therefore like students to return these folders, in the box provided, on the same day that they return all their other school textbooks that have been issued to them (date to be confirmed in late June).

These folders are a starting point and a tool for organisation – alongside these, in lessons, your son will be preparing and using mock exam papers, revision materials, exemplar answers and going over strategies to help get his revision underway and all of this work can go in the folders. He has also already received a pack of 100 revision postcards to aid his consolidation and revision.

Your son has his first set of mock examinations on the week beginning 9th November, lasting two weeks, and I would urge your son to maximise his preparation as these examination papers will undoubtedly form part of an important portfolio of evidence. Should schools find themselves in the position of having to verify any Centre Assessed Grades, in the event that formal GCSE exams cannot be sat in the summer of 2021, we would need a strong evidence base on which to submit our grades.

Yours faithfully,

Mrs M Brooker
Head of KS4
